Information Sheet for new patients

(This document is an outline of our basic policies and information.
We reserve the right to modify our policies and information at any time).

- Thank you for choosing to establish care at Remedy Clinic PC! I am Dr. Christine Stone and Remedy Clinic PC is my private practice in Longmont, Colorado. I provide direct pay primary care to individuals ages 18-108. I am board certified in internal medicine. (Individuals older than 108 are of course welcome! 😊)
- I am available for office and remote telehealth visits between **12 noon through 4 p.m. on Sundays, Mondays, Wednesdays, Thursdays, Fridays, and Saturdays**. I am not available for visits on Tuesdays. Visits are **by appointment only**. Please arrive **on time** for your scheduled visit. Please know that I do not have a waiting area if you arrive super early. If you have a scheduled telehealth visit, I will phone you at the designated time.
- Please park in the main blue house driveway which is accessible from 10th Avenue. You will see signs indicating this area is reserved for patient parking. Entry to my office space is at the side of the building. If you are using a wheelchair or a walker, you may use the wheelchair ramp at the front entry of the blue house instead.
- There is a **\$50 charge for no show or late cancel** (canceling appointment within 24 hours of scheduled time).
- I am not in network with any insurance plan. In insurance terms, I am an “out-of-network provider” and Remedy Clinic PC is an “out-of-network facility”. **You should expect to pay “out of pocket” for office visits at Remedy Clinic PC**. You will be asked to sign a disclosure form to this effect at your initial visit.
- **Payment is expected at time of service**. I accept cash, check, credit or debit cards, and CashApp.
- **IMPORTANT TO NOTE:** There will be a fee for non-emergency administrative tasks completed on your behalf **when such tasks are done outside the time scheduled for a visit**. Administrative time is billed in 6-minute increments and at rate of \$300 per hour. (For example, if I spend 6 minutes completing a form for you and faxing it to your employer, and this does not take place during a scheduled visit, you will be billed \$30. Or if I spend 24 minutes on the phone with your policy benefits manager obtaining prior authorization for your prescription or lab test, you will be billed \$120.) Please note that in many cases YOU can fax the form or make the phone call on your own behalf and save yourself this expense. In any case, **it is much less expensive for you and much more efficient for me** to complete any administrative items **during** a scheduled visit.
- My direct cell phone number is **303-641-6002**. **Please call this number for medical urgencies only**. If you think you are having a true medical emergency, you should go to the nearest emergency room for evaluation.
- Please call **303-834-9256** for routine matters that can be addressed in non-urgent fashion. This line will generally be answered by machine.
- Preferred method for appointment scheduling is online at www.remedyclinic.com or at <https://remedy-clinic-pc.square.site>; secondary method is directly by phone at 303-834-9256.
- Medication refills are granted at the time of your visit and not in between visits. **Please DO NOT have your pharmacist call the office requesting refills**. When you are running low on your medication, it is a reminder that you are probably due for a visit. I prescribe enough medication to last until your next visit.

I, _____ have chosen to intentionally receive non-emergency healthcare services provided by Christine M. Stone MD at Remedy Clinic PC (collectively referred to as "Dr. Stone"). I understand that Dr. Stone is an out-of-network provider and that Remedy Clinic PC is an out-of-network facility. I have agreed to pay Dr. Stone directly for her services, and I will not submit her office visit charges to my insurance company for reimbursement unless my insurance policy specifically makes provision for reimbursement to me for costs associated with visits to out-of-network providers. I further understand that neither Dr. Stone, nor Remedy Clinic PC accept assignment from insurance companies. (This means that reimbursement payments from the insurance company will not be accepted by Dr. Stone, and should be made directly to me and not to Dr. Stone.) I understand that if Dr. Stone receives any payments for services rendered to me directly from an insurance company, Dr. Stone will return those payments to the insurance company. I understand that regardless of an amount paid to me by an insurance company, I remain responsible for the full amount of the charges.

If I am on Medicare, I understand that Medicare does not reimburse out-of-network providers and I will not submit Dr. Stone's office visit charges to Medicare.

- The Health Insurance Portability and Accountability Act of 1996 (“HIPAA”) recommends that e-mail or text messages that contain protected health information be encrypted. Therefore it is possible that the confidentiality of such communications may be breached by a third party.
- E-mail and text messages can be circulated, forwarded, stored electronically and on paper, and broadcast to unintended recipients.
- E-mail and text message senders can easily misaddress an e-mail and/or text message.
- E-mail and text messages are easier to falsify than handwritten or signed documents.
- Backup copies of e-mail and text messages may exist even after the sender or the recipient has deleted their copy.
- Employers and online services have a right to inspect e-mail transmitted through their systems.
- E-mail and text messages can be intercepted, altered, forwarded, or used without authorization or detection.
- E-mail and text messages can be used to introduce viruses into computer systems.
- Practice server could go down and e-mail would not be received until server is back online. Dr. Stone’s phone service could go down, and text message would not be received until service is restored.
- E-mail and text messages can be used as evidence in court.

Conditions for the Use of E-mail and Text Messages

Remedy Clinic PC cannot guarantee but will use reasonable means to maintain security and confidentiality of e-mail and text message information sent and received. Practice and physician are not liable for improper disclosure of confidential information that is not caused by Practice’s or physician’s intentional misconduct. Patients must acknowledge and consent to the following conditions:

- E-mail and/or text message is not appropriate for urgent or emergency situations. Practice and physician cannot guarantee that any particular e-mail or text message will be read and/or responded to within any particular period of time.
- E-mail or text message must be concise. The patient should schedule an appointment if the issue is too complex or sensitive to discuss via e-mail or text message.
- Practice will not forward patient identifiable e-mails or text messages outside of the practice without the patient’s prior written consent, except as authorized or required by law.
- The patient should not use e-mail or text message for communication regarding sensitive medical information. Practice is not liable for breaches of confidentiality caused by the patient or any third party.
- It is the patient’s responsibility to follow up and/or schedule an appointment if warranted.
- This consent will remain in effect until terminated in writing by either the patient or the practice.

Patient Acknowledgement and Agreement

I acknowledge that I have read and fully understand the consent form. I understand the risks associated with the communication of e-mail and text messages between the practice and myself, and consent to the conditions and instructions outlined, as well as any other instructions that the practice may impose to communicate with the patient by e-mail or text message.

I, for myself, my heirs, executors, administrators and assigns, fully and forever release and discharge Remedy Clinic PC and its affiliates, shareholders, officers, directors, physicians, agents and employees, from and against any and all losses, claims, and liabilities arising out of or connected with the use of such e-mail and text messages.
